2017 Fund-A-Need

A New Reading Series

- What is this?
    - An entirely new, updated Reading Curriculum that encompasses Reading, Spelling and possibly even English.
- What does it include?
    - Hardcover textbooks, workbooks, guided practice sheets, Resource CDs, Online Resources and more!
- Who will this benefit?
    - ALL MLA students!
- How much does it cost?
    - Between $6,000 and $10,000 depending on the final curriculum chosen.

Technology Improvement Wish List

- Online communication system
    - What is this?
        - An online communication system between parents and teachers.
    - What would it do?
        - Allow parents to see grades, notes, and bulletin boards for classrooms.
        - Allow easier, more effective communication between parents and teachers.
- Upgrades to current technology
    - Teacher computers
        - Nearly all of the teacher's school-provided laptop computers are extremely old and very slow. Additionally, many of the laptop batteries do not hold a charge and must remain plugged in at all times, making it difficult to utilize the laptop in the classroom.
        - Our teachers are amazing, and we can help to give them better tools to teach!
    - Student computers
        - Improvements to the computer lab.
        - Laptops for classroom use.

Your Tax-deductible donation is an easy way to see funds go directly towards these items that will be used to educate and enrich of all of our MLA students and families!
